

Ride Safe Train the Trainers:

Amendment to the Ride Safe Train the Trainers Guide.

Please see below some of the latest guidance that has been updated due to the 2022 Highway Code.

- Drivers are now advised when you see a horse on a road, you should slow down to a maximum of 10 mph. Be patient, do not sound your horn or rev your engine. When safe to do so, pass wide and slow, allowing at least 2 metres of space (please refer to page 5).
- A 'hierarchy of road users' has been introduced that prioritises those most at risk on our roads. The idea is to highlight that those who can do the greatest harm have the greatest responsibility to reduce danger to others. However, this does not remove the need for all road users to behave responsibly. The full hierarchy prioritises road users in the following order:
 - Pedestrians
 - Cyclists/ Horse riders
 - Motorcyclists/ horse-drawn vehicles
 - Cars and taxis
 - Vans and minibuses
 - HGVs
- You can find all the latest updates to the Highway Code on the www.gov.uk website

Ride Safe Guide

Amendment to the Ride Safe Guide

Please see below latest guidance for England, Wales and Scotland that has been updated due to the 2022 Highway Code, we always recommend you read the latest version of the Highway Code in conjunction with this booklet.

- Chapter 9 Ride Safe Award- We are no longer running a formal assessment for the Ride Safe Award. You can now take the Ride Safe Award through our Challenge Awards. You can work through this award with your Ride Safe Trainer, who must be an Accredited Professional Coach or a Coach at a BHS Approved Centre. To get signed up, please contact your local Ride Safe Trainer, details can be found on our website.
- In the Highway Code section there has been numerous updates following on from the review that happened in 2022. We are also pleased that the Highway Code now endorses the Ride Safe Award.
- Rules 215 and 163 have been included for car drivers to ensure they know how and when to pass horses and riders. Drivers are now advised when you see a horse on a road, you should slow down to a maximum of 10 mph. Be patient, do not sound your horn or rev your engine. When safe to do so, pass wide and slow, allowing at least 2 metres of space
- You can find all the latest updates to the Highway Code on the www.gov.uk website

Amendment to the Ride Safe Silver Challenge Award booklet:

Please see below some of the latest guidance that has been updated due to the 2022 Highway Code, we always recommend you read the latest version of the Highway Code in conjunction with this booklet.

- Consider when riding out the use of LED lights, check out the BHS website for further advice (please refer to page 7).
- A 'hierarchy of road users' has been introduced that prioritises those most at risk on our roads. The idea is to highlight that those who can do the greatest harm have the greatest responsibility to reduce danger to others. However, this does not remove the need for all road users to behave responsibly. The full hierarchy prioritises road users in the following order:
 - Pedestrians
 - Cyclists/ Horse riders
